

# Supernode Staking

This tutorial will show you how to participate in SuperNode and earn high annual returns.

1. Open your ThunderCore Hub and enter the **Supernode Staking** in the Official DApps section to join.

2. Press **Deposit** to proceed.

3. There are 3 packages for you to select. Please choose carefully, you cannot unlock the deposit once a package has been staked.

The screenshot shows a mobile application interface for selecting a deposit package. At the top, there is a browser address bar with the URL "supernode.thundercore.com". Below this is a yellow header bar with a "< Back" button on the left and "中文" (Chinese) on the right. A dark grey progress bar below the header shows two steps: "1 Deposit" (highlighted with a yellow circle) and "2 Confirm".

The main content area is titled "Select Deposit Package" and shows "Available 36,443.10 TT". Three deposit packages are listed, each in a white box with a red border:

- 100,000,000 TT / 360 days 24.00% APR
- 10,000,000 TT / 360 days 18.00% APR
- 1,000,000 TT / 360 days 15.00% APR

Below the packages is a grey box with a yellow lightning bolt icon, labeled "Expected Total Payout 0.00 TT".

The next section is "Referrer Address" with a text input field containing the placeholder "Input referrer wallet address".

At the bottom, there is a section titled "I Agree to these Policies" and a navigation bar with four icons: a left arrow, a right arrow, a heart, and a close (X) button.

4. Select the package you like and make sure you check the **Terms Of Service** and **Privacy Policy**. You can enter the Referrer wallet address here (if you have). Press **Next Step** to proceed.
